BINNING
MEMORIAL WOOD

BINNING
MEMORIAL WOOD

A living memorial, forever.

GREEN BURIAL, SOMETIMES CALLED NATURAL OR WOODLAND BURIAL, IS THE INCREASINGLY POPULAR, ENVIRONMENTALLY SOUND ALTERNATIVE TO THE TRADITIONAL CEMETERY.

GREEN CREDENTIALS

For those who wish to minimize the impact of their passing on the environment, Green Burial at Binning Memorial Wood is ideal.

Caskets and coffins are made only from bio-degradable materials, the burial process is designed to respect the deceased and the surroundings, and the sensitive management of the imposing 10 acre beech stand will provide a woodland sanctuary for reflection and remembrance for generations to come.

FLEXIBLE

You can choose to employ the services of a funeral director, but many prefer the DIY route feeling that as well as ensuring significant cost savings, a greater level of involvement adds a therapeutic element to the grieving process. Either way our staff are on hand to guide you through every stage of the funeral.

All faiths and denominations are welcome at Binning Memorial Wood. Our staff will work with your family and representatives to ensure your wishes are handled in the dignified way they deserve.

YOUR CHOICES

Lairs can be selected within a choice of plots or specific glades can be reserved for families, with a maximum of two internments allowed per Lair.

Cremated remains are also accepted at Binning Memorial Wood and our staff will be happy to help you make the necessary arrangements.

Prayers and poems are often the ideal way to remember a loved one so if you wish to have a prayer or poem published and dedicated to someone buried in the Memorial Wood, please send the details to info@binningwood.co.uk and it will appear on the Prayers and Poems page of the Binning Memorial Wood website.

MEMORIALS

In order to maintain the natural environment, graves can be carved with a simple stone chosen from a local quarry. It can be marked with the initials of the deceased.

A LONG HISTORY

The 300 acre wood was originally planted in 1707 by the 6th Earl of Haddington but the majority was felled to help with the war effort between 1942 and 1945, with much of the beech timber being used to make airframes for Mosquito fighter-bombers. It was replanted after the war so is just 60 years old. However, with 235 of years of history behind it, the natural environment is already a very well established setting of real tranquillity and beauty.

PRICES

Prices for Ashes Memorial start from £250. Burial Memorials start from £800. Family, Generation or Community Memorial Glades can be reserved on request.
